

Performance of a lifetime.

Power your system with the max-rated, high-performance Super II pump series from Hayward®. These efficient, large-capacity pumps are built to last and engineered to perform even under the most demanding conditions.

Convenient features include a see-through cover so pool owners know exactly when to empty the extra-large debris basket. Performance features include full-flow hydraulics that allow greater flow at a lower cost of operation and a housing design that makes it as quiet as it is dependable.

Super II Pumps. The superior choice.

See-Through Strainer Cover
lets you see when basket needs cleaning and eliminates guesswork. Test feature allows line pressure test to 40 psi.

All Components Molded of Corrosion-Proof Reinforced Thermoplastic
for extra durability and long life.

Heavy-Duty, High-Performance Motor
with airflow ventilation for quieter, cooler operation.

Rugged, One-Piece Housing,
with full-flow ports, ensures rapid priming and continuous operation.

Heat-Resistant, Industrial-Size Ceramic Seal
is long-wearing. For fresh or saltwater use.

Uni-Bracket Mounting Base
provides stable, stress-free support, plus versatility for any installation requirement. Adapts 48- and 56-frame motors.

Corrosion-Proof Impeller
provides high-volume output to accommodate even the most demanding installations, including pool/spa combinations and in-floor cleaning systems.

Service-Ease Design
allows simple access to all internal parts. Motor and entire drive group assembly can be removed, without disturbing pipe or mounting connections, by disengaging just six bolts.

OVERALL DIMENSIONS	MODEL	Motor Power					Pipe Size	Dimension "A"

Super II 155-Cubic-Inch Basket
is more like a bucket. The Super II Pump Series features impressive leaf-holding capacity. Rigid construction includes load-extender ribbing for free-flowing operation, even under extra-heavy debris loads.
