Total System

We have relaxation down to the push of a button.

Simplify and enhance your pool and spa ownership. SwimPure Plus™ with Controls combines automated control with electronic chlorination into one easy-to-operate package.

Backyard destination.

The reason you bought a pool or spa in the first place was to relax. SwimPure Plus with Controls lets you do just that. Get the most enjoyment you can out of your piece of paradise.

Easy-to-use automation.

Easily program essential pool and spa functions and more. SwimPure Plus with Controls helps you create and control functions of your ideal backyard experience, including lighting and water features.

Electronic chlorination.

SwimPure Plus with Controls automatically turns a small amount of ordinary salt into a self-renewing supply of fresh, pure chlorine, keeping your water consistently clean, clear and silky smooth.

Optional Controllers.

Tabletop Wireless Remote

Control everything in your backyard, including your mood.

Now you can completely relax. SwimPure Plus with Controls gives you total control over your pool and spa functions and the backyard. Manage everything, from the most efficient schedule for your heaters to pumps, filtration and more. You can even command other backyard features, like outdoor lighting, water features and sprinklers. Programming is simple, and that makes enjoying your pool even easier.

Music

The only time salt will help lower your blood pressure.

Measuring and mixing chlorine yourself is now a thing of the past. All it takes is a small amount of ordinary salt dissolved in your pool water and circulated through your existing filtration system. SwimPure Plus with Controls automatically generates a self-renewing supply of fresh, pure chlorine. That way, your pool or spa will always stay luxuriously soft.

SwimPure Plus with Controls uses a minimal amount of salt.

Approximate teaspoons of salt per gallon of water.

Hardwired Remote

Aqua Pod™
Waterproof Remote

Floating/
Spa-Side Controller

Relax as hard as you can.

SwimPure Plus with Controls combines automated control and electronic chlorination, making it easy for pool and spa owners to create and maintain their ideal backyard environment.

Easy-to-Use Automation

- Full functional control of pool, spa and other outdoor features
- Can be programmed and controlled from the on-board display or an optional wireless or wired remote
- Programs in minutes
- Easy-to-use buttons for manual control
- Fully programmable, automatic control of every output
- Allows for energy-saving variable-speed pump control for California Title 20 compliance
- Digitally displays time, day, pool and spa temperature, salt levels and ambient air temperature
- Controls up to 4 relays, 3 valve actuators, conventional heater and solar
- Built-in 100-amp subpanel

Electronic Chlorination

- Supplies 100% of pool and spa sanitization needs
- Turns ordinary salt into a self-renewing supply of chlorine
- Consistently clean, clear and silky smooth water
- Super-chlorinate feature
- No chemical odors
- No harsh chemicals to deal with

Efficiency. Performance. Innovation.

By simply combining automated control and electronic chlorination, SwimPure Plus with Controls is the perfect high-quality addition to your Totally Hayward® System.
